NO

Administration should look after the issue of toilets and drinking water.

I

There are many shortcomings in the infrastructure of the institution, but there are always solutions to any problem.

Job oriented courses are needed.

there should be a digital class room for each department, and departmental library, white board for each class room, drinking water facilities for students at every floor, inclusion of new books based on the new syllabus.

Action taken report against feedback:

The Governing Body of the College has acted on the following issues raised by the stakeholders in the feedback:

- (i) Delay of automation of college library.
- (ii) Poor condition of college canteen.
- (iii) Inadequate departmental classroom and staffroom.

The GB has decided to prompt the library automation process.

Tender is invited to renovate the college canteen.

The GB opines that since there is no inmate in the Ladies Hostel of the college, the building may be used to meet the dearth of departmental rooms and class rooms.
