Completion Report of the Programmee

The Soft Skill Enhance programme on "Mobilising Resource of the Youth" on 6th August, 2019, at Karimpur Pannadevi College is successfully conducted by the Career Counselling Cell of our college in association with NCSM and ASCENSIVE Educare Pvt. Ltd. Almost 80 students have got the proper guidance for cracking their job on their respective fields. Along with this they have also enhanced their soft skills which are necessary for the government jobs through this training. The motivation and inspiration provided by the resource persons are also helpful for them to achieve their aim.

Completion Report of the Programmee

The Capability Enhance programme on 'Soft Skill and Career Counselling" on 13th February, 2020, Thursday at Karimpur Pannadevi College is successfully conducted by the Career Counselling Cell of our college in association with RICE, Murshidabad Branch. Almost 120 students of the final year students who desperately need a job after the graduation have got the proper guidance for cracking their job on their respective fields. Along with this they have also enhanced their soft skills which are necessary for the government jobs through this training. The motivation and inspiration provided by the resource persons are also helpful for them to achieve their aim of life and to sustain their economic life. The positive responses and the outcomes of the programme encourage authority to conduct this kind of programme regularly for our students.

Brief Completion Report of the Career cell Programme on 28.06.2021

It is my pleasure to write a brief completion report of the online Career Cell programme on "Cracking the Government service Jobs in West Bengal: A Comprehensive guideline" at 11.00am on 28/06/2021, Monday. Almost 185 participants have registered in this programme. Students from other institutions have participated. The objectives of the programme were to discuss the various types of examination conducted by the Government of West Bengal, their syllabus and books and also to highlight the method of preparation. The resource persons Mr. Md Jasimuddin Mandal, Deputy Assistant Director, Consumenr Affairs Department, Government of West Bengal, and Sri Somprakash Bhattacharyya, Assistant Director of the of Consumenr Affairs Department, Government of West Bengal covered the objectives very organisedly. Both of them also answered the questions raised by the participants. At the beginning Teacher in charge of our college, Sri Kaustav Bhattacharyya, conveys his message for all and at the end Dr. Joydeb Bhattacharyya, HOD department of Mathematics and Member of the Career development cell, offers vote of thanks to the resource person. Hope the programme will surely very impactful for our stakeholders. Certificate has been provided to the participants. A feedback form has also been submitted by the participants.

Brief Completion Report of the One Day Online Workshop on "Capacity Building and Skill Enhancement for Competitive Examinations"- was held on 2nd August, 2020 by the Library, in collaboration with Career Development Cell and in association with IQAC of Karimpur Pannadevi College.

Let me have the honour to declare that the Library of our college has successfully arranged the **One day online workshop on "Capacity Building and Skill Enhancement for Competitive Exams"- was held on 2nd August, 2020, in collaboration with Career Development Cell and in association with IQAC of our college.** To create an awareness on the basics of competitive examinations conducted by various Government agencies for getting a secure job among our students the event was necessary indeed. All of the three resource persons were form reputed Service coaching and training institutions of West Bengal. Almost 544 participants have registered for the workshop. The three topics of the webinar were chosen to deal with different aspects which are essential for competitive examinations. Sri Sayantan Bhattacharyya, have rightly focused on importance of English language in different competitive examinations. 2nd talk on "General Intelligence and Reasoning Section in Competitive Section"- delivered by Mr Subhro Kundu, emphasized on some basic guideline to solve the critical section in due time. The 3rd talk on "An Overview on General studies for competitive Examination", delivered by Sri Subahnkar Paul, has highlighted the way to prepare the general studies for the examinations. At the end all the resource persons address the issues raised by our participants in the web (Youtube Chat box). The webinar was closed by taking the online feedback from the participants. The responses of the participants proved the appropriateness of the workshop.

1:56:17 Biswarup Chatterjee Mita Mam, if this problem occurs rejoining is the best way. Another way is to removing headphone and using speaker mode, if all these doesn't occur then someone have to present his/her screen.

1:56:22 Biswarup Chatterjee But we have to keep in mind that we have to be turned on from laptop while presenting anyone's screen. Regards, Biswarup Chatterjee 10:28 pm

Sub: Proposal for organizing a webinar on the prospects of Government Jobs, "Explore the Career Opportunities in Govt. Sector & Unlock the Potentials in You" from RICE Education Branch Berhampore

Dear Sir,

At first I would like to congratulate you for your immense contribution in the field of education. Your continuous endeavours to enrich the students with your knowledge have made the students successful in their academic career & thus lead to a bright future.

Since the year 1985 we have been successfully imparting quality training for various competitive examinations held for the recruitment of Government & Public Sector Employees under the Central and State Governments and this training has made our students achieve their goal of becoming Govt. Officials.

RICE Education, Berhampore has taken the initiative to spread career awareness on Government jobs through various 'seminars/webinars' for the students of different Colleges & Universities across West Bengal. Students attending these webinars can get all relevant information regarding the benefits, scopes, opportunities and method of preparation for building career in government sector.

Therefore, I have proposed to organize one such seminar for the students of your esteemed institution at any day between 22rd Feb to 25th Feb if possible, Experts from RICE Education will be the speaker in this seminar and also a class (Math/GI) will be provided. This will enrich the students with all relevant information and guide them for the preparation of competitive examinations held for the recruitment of different Govt. services. Hence, we earnestly urge for your honourable presence along with other dignitaries to make our initiative successful.

We also would like to organise a merit based examination (for which the eligible candidates will receive lucrative scholarship against their course fees from RICE) with a mutually decided date/ time for the participated students of your esteemed institution. This Scholarship is a great support for the financially weak but meritorious students who sometimes find it hard to take an external support in their preparation towards government jobs. Such obstacles usually make them not realize their dreams and bring them out of their current financial, and sometimes social, clutches to the better life.

In this context, we request your support for this initiative and let us join hands to make an impact in their lives. Let's make a difference to the society. Please do the needful and oblige thereby.

Kindly get in touch with me for any clarifications..

Regards

Programme completion Report

To fulfill objectives of how to control the stress and pressure of day to day life of the modern youth the Workshop on Yoga (9th, January, Tuesday, 2018) is successfully organised by our Career counseling Cell. Almost 75 students from different semester irrespective of subjects participated in this one day programme and get valuable suggestions regarding how to manage their pressure, handle their stress and maintain a very energetic and enthusiastic physic. Hope this success will lead us to organize more programmes on this issue.

Workshop on Women Sensitization and Women Empowerment Organised By: Women Cell, Karimpur Pannadevi College

Date: 23/02/2018, Venue: Auditorium.

The proposed programme of the Women Cell, Karimpur Pannadevi College on Women Sensitization and Women Empowerment is successfully held at the college auditorium on 23/02/2018. More than 400 students and local stakeholder along with the members of Women Self-Help Groups have participated positively on that day. The Girls' Students of neighbouring Girls Schools have also joined to enhance their knowledge about the Law, and the Rights entitled for Women. Like Law Regarding Domestic Violence (Bishaka Guide Line), Sexual Harassment, Child Marriage and other burning social issues. Two eminent Speakers Smt. Rina Mukherjee and Smt Dipanwita Mondal not only delivered their illuminating lectures but also answers some relevant contemporary questions raised by the students and other audience. The women cell got some feedback from the participants that the cell should continue this initiative in near future. The impact of the workshop is also covered by the local news paper with very enthusiastically.

Brief Report of the Porgramme On:

Culture of Hygiene: A Sensitization Programme of Women

Organised By: Women Cell, Karimpur Pannadevi College

Date: 08/05/2019, Venue: Smart Class Room.

To address the issues relating to Health and Hygiene of the rural women and make them aware about how to deal with their personal problems the Women cell has arranged the programme on- Culture of Hygiene: A Sensitization Programme of Women for our girls' students on 08/05/2019, Wednesday. Nearly 105 girls' students of various departments were present in the programme. The Councillor of that programme was Dr. Sumana Dey, Karimpur Rural Hospital. Along with her departmental colleagues Dr. Dey has beautifully delivered emerging issues related to rural women like ours. An interactive session was also conducted by the cell where the participants got some useful information in maintaining their culture of hygiene. The most interesting episode of that programme was that students who are coming from very poor background and minority families have shared their valuable opinion with other. Convener informed the house that cell will regularly arrange this programme informally. She conveys that a Napkin Vending Machine has been installed in the girls' common room for convenience of girls' students.

Brief Completion Report of the Programme on Counselling and Interaction on Mental and Physical health

Organised by Women counselling cell (30.11.2018, Friday, at 12.00 pm at college smart class room)

I have the pleasure to express the successful completion today's Interaction programme organized by Women cell of our college on "Mental Health and Hygiene" at college smart class room. Health worker of Karimpur Rural Hospital have given a resourceful deliberation before our students and also interact with the stakeholders regarding their problems at last. Smt. Kakali Bandopadhyay along with with other members of the cell also mentioned their observation about the issue. Almost 80 students including resource persons have participated in this programme.

Brief Completion Report of the Awareness Programme on 'Food and Cancer' and 'Astronomy' by IQAC, Karimpur Pannadevi College (01.02.2019, at 12.00 pm at college auditorium)

The undersigned is pleased to express the completion report of the Outreach programme for promoting general awareness on 'Food and Cancer' and 'Astronomy' among the students perusing their higher secondary or secondary education on neighbouring schools(Jamsherpur B.N. High school, Karimpur Girls' High school, Jagannath High school etc) was arranged by the IQAC of the college on 01st February of 2019. Renowned Cancer Specialist and senior doctor of N.R.S Medical college, West Bengal Dr. Shankar Kumar Nath was the key resource person to deliver this subject before the students. Almost 200 students from neighbouring schools along with their teachers have participated in this extension programme. The objective of the programme is to provide general awareness on Cancer and Astronomy. The students in our area belongs to this hinterland are not aware on these issues. Participants enjoyed the interaction with Dr. Nath. The authority of the neighbouring schools appealed to organize such programme regularly for their students in college campus. Dr. Shankar Kumar Nath satisfied all of the us with his extraordinary presentation on astrophysics..

Report of the Progrmme Completion

Today there is a growing consensus on the issue that to handle day to day life pressure and to manage the huge stress of the youth Yoga is one of the best alternatives. Around the world this indigenous therapy has got the recognition. To fulfill these objectives the Workshop on Yoga (10th, February, Monday, 2020) is successfully organised by our Career counseling Cell in association with Paramananda Mission, Karimpur Branch. Almost 105 students from different semester (also different subjects) participated in this one day programme and get valuable suggestions regarding how to manage their pressure, handle their stress and maintain a very energetic and enthusiastic physic from the trainer. Hope this success will lead us to organize more programmes on this issue.

Completion Report of One Day Cancer Awareness Program in the light of World Cancer Day organized by the Department of Zoology, Karimpur Pannadevi College on 4th February, 2021

The topic of Talk: Mechanistic Exploration of Tobacco and Areca Nut Associated Oral Pre-Cancers and Cancers.

Resource Person:

Dr. Ritam Chatterjee, Ph.D.,Post-Doctoral Fellow,School of Medical Science and Technology, Indian Institute of Technology Kharagpur (IIT-KGP), Kharagpur, West Bengal, India.

Areca nut is the fourth most commonly used psychoactive substance worldwide after tobacco, alcohol and caffeine. In India, it is perceived in various ways, ranging from a 'fruit of divine origin' in ceremonies to a mouth freshener. Areca nut use both on its own and with tobacco additives is addictive. The aim of this talk was to understand the pattern of areca nut consumption, to determine the Knowledge, Attitude and Practices (KAP) among areca nut users and the dependency associated with areca nut use. Numbers of Registered Participants: 40

Brief Completion Report of the Celebration of International Day of Yoga Yoga for the Humanity (21.06.2022, Tuesday, at 08.00 am at college campus)

The International Day of Yoga is celebrated with great prestige today in our college campus by our NCC Unit. The theme of this celebration of this year is "Yoga for Humanity", as decided by the Government of India. Like the last year our NCC Unit arranged the programme and competition of Yoga along with a seminar talk on the "Yoga and Stress management". The Resource person Sri Madhabendu mondal have delivered an insightful and through provoking lecture before the students. The programme was started at 8.00 am by an introductive lecture of ANO, Dr. Sujit Kumar Biswas. Participants are enjoying the whole session with great satisfaction. Almost 35 students have participated in the programme. Due to heavy rain the participants were become very low.

At the end a competition on Yoga has been conducted on this same platform and Nadita Halder (2^{nd} semester), Rimu Biswas (4^{th} semester) and Rana Ghosh 4^{th} semester) have won the 1^{st} , 2^{nd} and 3^{rd} position respectively and are being awarded for their excellent presentation. The programme was ended with National anthem.

Introduction

About the Report

This report summarizes the output of the 7-day (40 hours duration) training in Scientific Writing using LaTeX conducted by the Department of Mathematics, Karimpur Pannadeví College from 9th to 18th Jan 2020, barring 11th – 13th Jan 2020.

The report aims to fulfil the following purposes:

- (i) Record all the process and tools used in the training and new experiences gained during the training.
- (ii) Collect and analyze suggestions and recommendation from the participants so that the training course can be improved in future.
- (iii) Access the effectiveness of the course based on the reaction and evaluations of the participants.

Background and Rationale

The certificate course in Scientific Writing using LaTeX was the first of this kind conducted by the Department of Mathematics, Karimpur Pannadevi College. The course was designed to help the students of in enhancing skills of typesetting technical documents using LaTeX as a programming tool. The course covered the fundamentals in programming in LaTeX. The hands-on training course emphasized mainly on Lab practice apart from a few lectures and tutorial sessions.

Objective

The objectives of the course are

- (i) Gaining knowledge about documentation as an open source tool.
- (ii) To develop strong fundamental knowledge on typesetting of journal articles, technical reports, books and slide presentations.
- (iii) To develop strong control over large documents contains sectioning, cross-references, tables and figures.
- (iv) Learning the typesetting of complex mathematical formulae.

Outputs

The outputs of the course are

- (i) Knowledge of the participants on typesetting using LaTeX programming was increased.
- (ii) The commitment of the participants regarding future training activities was recorded.
- (iii) Effectiveness of the course was assessed.

To achieve the above objectives and outputs, the following contents were discussed an practiced during the course period:

- (i) What is LaTeX?
- (ii) Why should we use LaTeX?
- (iii) Advantages of using LaTeX over traditional word processing programs.
- (iv) LaTeX installation and environment setup.
- (v) How to use a logical structure such as chapter, section, table figure etc.
- (vi) Writing report, resume, presentation and typesetting of complex mathematical formulae.

Participants and Facilitators

Altogether 21 students of B.Sc. (Honours) from the Department of Mathematics, Karimpur Pannadevi College took part in the course.

The training programme was facilitated by Dr. Joydeb Bhattacharyya and Sri Nayan Sarkar from the Department of Mathematics, Karimpur Pannadevi College.

Sri Kaustav Bhattacharyya, Teacher-in-charge of Karimpur Pannadevi College and Dr. Prasenjit Saha, IQAC Coordinator of Karimpur Pannadevi College keenly observed the whole course and gave feedback and inputs to make the course more effective.

Opening and Session proceedings

DAY ONE (09.01.2020)

The part of the report summarizes the opening of the course, session proceedings covering learning points, contents, process and outputs of each session.

Opening the Course

The seven-day certificate course was informally started at Room No. 207 of Karimpur Pannadevi College on 09th Jan 2020. Along with the 21 students from the Department of Mathematics, Karimpur Pannadevi College, two departmental resource persons and the Teacher-in-charge of Karimpur Pannadevi College were also present.

The Teacher-in-charge welcomed all the participants and said a few words about the course. Convener of the training course, Dr. Joydeb Bhattacharyya highlighted the objectives of the course and expressed his opinion that this type of certificate course would be valuable to develop computing skills among the students.

Introducing the Course Objectives and Outputs

While introducing the course objectives and outputs, the participants were requested to identify the keywords from their resource books. After the keywords were noted, the facilitator, Dr. Joydeb Bhattacharyya, summarized the exercise focusing on the key words. The facilitator also explained the process of the course training method that was to be followed during the course.

Fundamentals of LaTeX

The facilitator, Sri Nayan Sarkar, explained the fundamentals of LaTeX programming.

LaTeX vs Word processor: advantages

The facilitator, Dr. Joydeb Bhattacharyya, explained the advantages of using LaTeX over traditional word processing software.

Outputs

- (i) Course objectives and fundamentals in LaTeX were explained.
- (ii) Advantages of using LaTeX were explained.

DAY TWO (10.01.2020)

The second day covered the following sessions:

- (i) Document structure (Session I)
- (ii) Typesetting Text (Session II)
- (iii) Creating Tables using LaTeX (Session III)

The session was started at 11:00 am. Before entering the day's topic, a quick review of the previous day's discussion was carried out.

Session I: Document Structure

The session aimed to highlight structuring a document using LaTeX. The syntaxes in LaTeX were identified and explained by Dr. Joydeb Bhattacharyya by citing examples. The following points were discussed:

- (a) Creating Title
- (b) Sections
- (c) Labelling
- (d) Table of Contents
- (e) Page Numbering

Session II: Typesetting text

The main purpose of this session was to make a clear understanding among participants on LaTeX typesetting. Sri Nayan Sarkar as a facilitator explained the following points:

- (a) Font effect
- (b) Coloured text
- (c) Font sizes
- (d) Lists
- (e) Comments & spacing
- (f) Special characters

Session III: Creating Tables using LaTeX

Dr. Joydeb Bhattacharyya explained how to create tables using LaTeX.

Outputs

- (i) Different document classes, user packages, syntax were explained.
- (ii) Students learned how to create a document in a structured way using LaTeX.
- (iii) Students learned different typesetting in LaTeX.

DAY THREE (14.01.2020)

The third day began with hands-on-practical sessions. The session was started at 11:00 am. Before entering the day's topic, a quick review of the previous day's discussion was carried out. Students were demonstrated how to setup the environment for installing LaTeX. Sont basic and complex mathematical formulae were typed using LaTeX. The following mathematical expressions were used extensively during Lab practice session:

- (a) Fractions
- (b) Powers & indices
- (c) Brackets and its alignments
- (d) Matrices

Outputs

- (i) Students learned to install LaTeX and setting up the environment for LaTeX.
- (ii) Students learned to type complex mathematical formulae using LaTeX.

Page 4 of 7

DAY FOUR (15.01.2020)

The session was started at 11:00 am. Before entering the day's topic, a quick review of the previous day's discussion was carried out. The following topics were discussed:

- (a) Inserting equations
- (b) Alignment of equations
- (c) Using mathematical symbols
- (d) Creating a Bibtex file
- (e) Inserting bibliography

Outputs:

- (i) Students learned to type arrays of mathematical equations using LaTeX.
- (ii) Students learned to create a Bibtex file.
- (iii) Students created reference lists using Bibtex file.

DAY FIVE (16.01.2020)

The session was started at 11:00 am. Before entering the day's topic, a quick review of the previous day's discussion was carried out. Students were given different LaTeX templates to create singled-columned articles and double-columned articles.

Outputs: Students learned how to create single- and doubled-columned articles.

DAY SIX (17.01.2020)

The session was started at 11:00 am. Before entering the day's topic, a quick review of the previous day's discussion was carried out. Students were taught to create beamer using LaTeX.

Outputs: Students created presentations using LaTeX.

DAY SEVEN (16.11.2020)

The final day of the course was reserved for examination, declaration of results, distribution of the certificates among the participating students and the vote of thanks.

Evaluation of the course

The students appeared before an examination as a part of the evaluation process. They were given a system complex mathematical formula to type using LaTeX within one hour. The facilitators of the course checked each of the output and awarded an overall grade point based on the performance of the participants during the course.

Concluding Session

In the concluding session, each of the participants was awarded by a certificate of completion by Dr. Joydeb Bhattacharyya and Sri Nayan Sarkar.

Dr. Joydeb Bhattacharyya addressed the session and expressed the opinion that the certificate course was important for developing computing skills, but it should not be limited to solving mathematical problems only. Dr. Joydeb Bhattacharyya expressed optimism to introduce an inter-disciplinary certificate course in Growth Curves in Population Dynamics, a collaborative proposal with the Departments of Mathematics, Botany and Zoology.

Nayan Sarkar thanked all the participants for their active participation and requested the participants to apply knowledge and skills gained from the training in real field problems.

The participants were asked to give online feedback.

Course Completion Report November 2019

Report prepared by:

Dr. Joydeb Bhattacharyya

Assistant Professor Department of Mathematics Karimpur Pannadevi College

Introduction

About the Report

This report summarizes the output of the 7-day (40 hours duration) training in C Programming conducted by the Department of Mathematics, Karimpur Pannadevi College from 5th to 16th Nov 2019, barring 6th Nov and 9th – 12th Nov 2019.

The report aims to fulfil the following purposes:

- (i) Record all the process and tools used in the training and new experiences gained during the training.
- (ii) Collect and analyze suggestions and recommendation from the participants so that the training course can be improved in future.
- (iii) Access the effectiveness of the course based on the reaction and evaluations of the participants.

Background and Rationale

This certificate course was the first of this kind conducted by the Department of Mathematics, Karimpur Pannadevi College. The course was designed to help the students of in developing computing skills and enhancing strong fundamental knowledge on programming. The course covered the fundamentals in programming with C language. The hands-on training course emphasized on Lab practice apart from regular lectures and tutorial sessions.

Objective

The objectives of the course are

- (i) To develop strong fundamental knowledge on C programming that is useful across other programming languages.
- (ii) To review and learn from the good practices in the context of a sustainable knowledge development program for the students.

Outputs

The outputs of the course are

- (i) Knowledge of the participants on programming logic and fundamentals was increased.
- (ii) The commitment of the participants regarding future training activities was recorded.
- (iii) Effectiveness of the course was assessed.

To achieve the above objectives and outputs, the following contents were discussed and practiced during the course period:

Programming logic

- (i) How to solve logical problems using a computer.
- (ii) Defining a problem and model it.
- (iii) Obtain a logical solution to the problem (developing an algorithm).
- (iv) Visualize the algorithm by means of a flowchart

Implement the Algorithm

- (i) The algorithms depicted by the flowcharts were implemented by the C programming language.
- (ii) Debugging and learning error messages arising from the compilation errors.

Participants and Facilitators

Altogether 44 students of B.Sc. (Pure Science) from the Department of Mathematics, Karimpur Pannadevi College took part in the course.

The training programme was facilitated by Dr. Joydeb Bhattacharyya, Sri Nayan Sarkar and Sri Binoy Mondal from the Department of Mathematics, Karimpur Pannadevi College.

Sri Kaustav Bhattacharyya, Teacher-in-charge of Karimpur Pannadevi College, Dr. Prasenjit Saha, IQAC Coordinator and Sri Sukdeb Pal, GLI of Karimpur Pannadevi College keenly observed the whole course and gave feedback and inputs to make the course more effective.

Opening and Session proceedings

DAY ONE (05.11.2019)

The part of the report summarizes the opening of the course, session proceedings covering learning points, contents, process and outputs of each session.

Opening the Course

The seven-day certificate course was informally started at Room No. 207 of Karimpur Pannadevi College on 5th Nov 2019. Along with the 44 students from the Department of Mathematics, Karimpur Pannadevi College, two departmental resource persons and the Teacher-in-charge of Karimpur Pannadevi College were also present.

The Teacher-in-charge welcomed all the participants and said a few words about the course. Convener of the training course, Dr. Joydeb Bhattacharyya highlighted the objectives of the course and expressed his opinion that this type of certificate course would be valuable to develop computing skills among the students.

Introducing the Course Objectives and Outputs

While introducing the course objectives and outputs, the participants were requested to identify the keywords from their resource books. After the keywords were noted, the facilitator, Dr. Joydeb Bhattacharyya, summarized the exercise focusing on the key words. The facilitator also explained the process of the course training method that was to be followed during the course.

Setting the Group

The facilitator, Dr. Joydeb Bhattacharyya, divided the participants among three clusters each with 14 students. The Group-1, Group-2 and Group-3 consisted of all the students of semester-1, semester-3 and 3rd year of the Department of Mathematics of this college. After identifying each of the groups, a schedule for the Lab training sessions were intimated to the participating students.

GROUP DISTRIBUTION

	GROOT BISTRIBOTION									
	BSc-Sem1 BSc-Sem 3		B.Sc. 3 rd yr.							
GR-1	9	5								
GR-2		13	2							
GR-3			15							

Fundamentals of C programming

The facilitator, Sri Nayan Sarkar, explained the fundamentals of C programming.

Outputs

- (i) Clustering the students among the three groups was done.
- (ii) Course objectives and fundamentals in C programming were explained.

DAY TWO (07.11.2019)

The second day covered the following theoretical sessions:

- (i) An introduction to C (Session I)
- (ii) Control statements using loops (Session II)
- (iii) Control statements using arrays (Session III)

The session was started at 10:30 am. Before entering the day's topic, a quick review of the previous day's discussion was carried out.

Session I: An Introduction to C

The session aimed to highlight the basic library functions in C. The syntaxes in C were identified and explained by means of examples. The examples were firstly depicted by means of flowcharts and then converting to C programming language. Variables and data types were explained by Dr. Joydeb Bhattacharyya.

Session II: Control statements using loops

The main purpose of this session was to make a clear understanding among participants on control statements. Sri Binoy Monday as a facilitator explained the control statements using Switch function, do-while and while-do loops, for-loops and nested loops.

Session III: Control statements using loops

Sri Nayan Sarkar explained arrays in this session. The control statements were defined using arrays. Defining and using a function were also explained by means of examples.

Outputs

- (i) Library functions, syntax, variables and data types were explained.
- (ii) Different types of control functions were explained.
- (iii) Explained how to define a function and call a function.

DAY THREE (08.11.2019)

The third day began with hands-on-practical sessions. The session was started at 10:30 am. Before entering the day's topic, a quick review of the previous day's discussion was carried out. Mathematical applications on logical statements were explained. Some mathematical and logical problems were given to the students to identify the errors in the problems.

Outputs

- (i) Students learned how to use C programming tool for basic programming.
- (ii) Different types of errors during compilation and execution of a C program were identified by the students.

DAY FOUR (13.11.2019)

The session was started at 10:30 am. Before entering the day's topic, a quick review of the previous day's discussion was carried out. Mathematical problems on simple and nested loops were given to the participants to solve using C programming language.

Outputs: Students learned how to solve simple mathematical problems using simple and nested loops in C language.

DAY FIVE (14.11.2019)

The session was started at 10:30 am. Before entering the day's topic, a quick review of the previous day's discussion was carried out. Mathematical problems on simple and nested loops using arrays were given to the participants to solve using C programming language.

Outputs: Students learned how to use arrays in control statements.

DAY SIX (15.11.2019)

The session was started at 10:30 am. Before entering the day's topic, a quick review of the previous day's discussion was carried out. Students were given to define a function in C and then call a function in C.

Outputs: Students learned how to define a function and how to call the function using C programming language.

DAY SEVEN (16.11.2019)

The final day of the course was reserved for examination, declaration of results, distribution of the certificates among the participating students and the vote of thanks.

Evaluation of the course

The students appeared before an examination as a part of the evaluation process. They were given a mathematical or a logical problem to solve within 45 minutes by using C programming language. The facilitators of the course checked each of the programming codes and awarded an overall grade point based on the performance of the participants during the course.

Concluding Session

In the concluding session, each of the participants was awarded by a certificate of completion by Dr. Joydeb Bhattacharyya and Sri Nayan Sarkar.

Dr. Joydeb Bhattacharyya addressed the session and expressed the opinion that the certificate course was important for developing computing skills, but it should not be limited to solving mathematical problems only. Dr. Joydeb Bhattacharyya expressed optimism to modify the course by using C programming applied to microcontrollers.

Sri Nayan Sarkar thanked all the participants for their active participation and requested the participants to apply knowledge and skills gained from the training in real field problems.

The participants were asked to give online feedback.

Course Highlights

A 30hrs ONLINE CERTIFICATE COURSE ON

STATISTICAL METHODS IN BIOLOGICAL SCIENCES USING R

Proposed to be conducted by the Departments of Mathematics, Botany & Zoology Karimpur Pannadevi College

Course Meeting Times:

Duration: 17 days (06th to 22nd December 2021, excluding Saturdays, Sundays, and Holidays)

Lectures: 2 sessions / day, 1.5hr / session.

Timings: 08:00 am - 09:30 am & 09:00 pm - 10:30 pm.

Prerequisites: Students perusing B.Sc. from Karimpur Pannadevi College and the students from Krishnagar

Women's College (under a collaborative linkage program) are only eligible to apply.

Video conferencing platforms: Google Meet

Course Coordinator: Iftikar Rahaman, Department of Zoology, Karimpur Pannadevi College

Joint Convenors:

Dr. Joydeb Bhattacharyya, Department of Mathematics, Karimpur Pannadevi College Sri. Nayan Sarkar, Department of Mathematics, Karimpur Pannadevi College Sri Bipul Sarkar, Department of Botany, Karimpur Pannadevi College

Resource Persons:

Iftikar Rahaman, Department of Zoology, Karimpur Pannadevi College Dr. Joydeb Bhattacharyya, Department of Mathematics, Karimpur Pannadevi College Sri. Nayan Sarkar, Department of Mathematics, Karimpur Pannadevi College Sri Bipul Sarkar, Department of Botany, Karimpur Pannadevi College

Modules / Topics to be addressed:

- Measure of Central Tendencies
- Testing of Hypothesis
- An Introduction to R
- Testing Goodness of Fit using R
- ----- By Dr. Joydeb Bhattacharyya
- \bullet Basic concepts on Probability Theory
- Charting and Graphing using R
- Multivariate Analysis
- ----- By Sri Nayan Sarkar
- An Introduction to Statistics and its applications
- Different data types
- Testing of Hypothesis using R
- ----- By Iftikar Rahaman
- Statistics in Real World
- · Statistical Applications in Biosciences
- ----- By Sri Bipul Sarkar

Subject: Application for granting permission for an interdisciplinary certificate course

Dear Sir,

grave proceed inter.

This is for your kind information that the Departments of Mathematics, Botany and Zoology are willing to conduct an online certificate course on "Statistical Methods in Biological Sciences using R" on and from o6th Dec 2021 to 22nd Dec 2021. The online certificate course will involve a total of 30 hours of interactive teaching using Google Meet video conferencing platforms. The proposed certificate course will be free from any charges and intended for the interested participants of Karimpur Pannadevi College and Krishnanagar Women's College (under collaborative exchange programme between the Departments of Mathematics, Karimpur Pannadevi College and Krishnanagar Women's College) with a preferably pre-requisite study in Biology and Mathematics at the high school level. Only the first 100 registered "Early Birds" will be allowed to participate in the programme.

I request you to give necessary permissions to conduct the online certificate course.

Your active cooperation in this regard is highly appreciated.

Yours sincerely,

Dr. Joydeb Bhattacharyya 02 12 2021

The mode of assessment will be based on MCQ based test on each module.

Certificate of completion will be awarded to all the participants upon successful completion of the course.

Introduction

About the Report

This report summarizes the output of the 17-day (30 hours duration) online classes on 'Statistical Methods in Biological Sciences using R' conducted jointly by the Departments of Mathematics, Botany, and Zoology, Karimpur Pannadevi College from 06th Dec to 22nd Dec 2021, barring Saturdays, Sundays, and Holidays. The report aims to fulfil the following purposes:

- (i) Record all the process and tools used in the classes and new experiences gained during the training.
- (ii) Collect and analyze suggestions and recommendation from the participants so that the training course can be improved in future.
- (iii) Access the effectiveness of the course based on the reaction and evaluations of the participants.

Background and Rationale

The statistical software R is a free statistical programming language for data analysis and graphics. Course participants will learn how to develop research questions, select the most appropriate statistical test to answer those questions, and operationalize these statistical methods using R software. Participants do not need previous statistical experience to take this course as the course will cover basic concepts using illustrative examples that are grounded in relevant topics and are easily understood.

The online certificate course on 'Statistical Methods in Biological Sciences using R' was a collaborative programme conducted jointly by the Departments of Mathematics, Botany and Zoology, Karimpur Pannadevi College. The course covered the fundamentals of Statistical methods and was designed to help the students in enhancing the programming skills in R to analyze real-life data. The course also covered some important applications on population ecology to solve real-word problems. The online course emphasized on lectures and tutorials apart from daily quiz sessions.

The interactive course was offered through online mode on Google Meet platforms. The mode of assessment was based on MCQ based test on each module. Certificate of completion was awarded to the registered participants upon successful completion of the course. The online registration window was open from $02^{nd} - 05^{th}$ Dec 2021.

Objective

The objectives of the course are

- (i) To gain knowledge on some statistical tests used in data analysis.
- (ii) To develop the fundamental knowledge on comparing data using statistical tools.
- (iii) To develop the knowledge on statistical data analysis using R.
- (iv) To show how statistics and ecology are connected.

Outputs

By the end of the online certificate course, participating students will be able to:

- (i) Explain how and why one uses mathematical models in ecology.
- (ii) Construct population models, identify equilibria, assess their stability.
- (iii) Know the properties and applications of different population growth functions.
- (iv) Construct basic models of species interactions.

Background and Rationale

Population dynamics is a branch of science which is concerned with the short and long-term changes in the size and age composition of populations, and the biological and environmental processes influencing those changes. It deals with the way populations are affected by birth and death rates, and by immigration and emigration, and studies topics such as ageing populations or population decline.

The online certificate course on An Introduction to Population Dynamics was the first of this kind conducted jointly by the Departments of Mathematics, Botany and Zoology, Karimpur Pannadevi College. The course covered the fundamentals of Population Dynamics and was designed to help the students of in enhancing knowledge on theoretical foundations of population ecology together with developing mathematical models as tools to understand the changes in population growth. The course also covered some important applications on population ecology to solve real-word problems. The online course emphasized on lectures and tutorials apart from daily quiz sessions.

The interactive course was offered through online mode on Google Meet & Cisco Webex platforms. The mode of assessment was based on MCQ based test on each module. Certificate of completion was awarded to the registered participants upon successful completion of the course. The online registration window was open from $16^{th} - 26^{th}$ Sep 2020.

Objective

The objectives of the course are

- (i) To gain knowledge on population and community ecology.
- (ii) To develop the fundamental knowledge on patterns of population distribution.
- (iii) To develop the knowledge on population growth, species relationship and behaviours.
- (iv) To learn how species behaviour are influenced by the environment.
- (v) To show how mathematics and ecology are connected.
- (vi) To enable students developing and analyzing mathematical models on ecosystems.
- (vii) To interpret results of mathematical modelling.

Outputs

By the end of the online certificate course, participating students will be able to:

- (v) Explain how and why one uses mathematical models in ecology.
- (vi) Construct population models, identify equilibria, assess their stability.
- (vii) Know the properties and applications of different population growth functions.
- (viii) Construct basic models of species interactions.

To achieve the above objectives and outputs, the following contents were discussed and practiced during the course period:

Course Outline:

Day	Modules	Hours
	Population Growth and Growth Models	2
1-2	• Ecosystem Dynamics	2
	Quantification of growth	2
	Competition and its evolution	2
3-4	• Species Interactions	2
	Knowledge of growth curve models	2
	Community Ecology	2
5-6	Metapopulation Dynamics	2
	• Extended family of growth curve models	2
	Community Dynamics	2
7-8	Biodiversity Regulations	2
	Model selection diagnostics	2
	Ecological Niche	2
9-10	Biodiversity Parameters	2
	Mathematical models	2

Participants and Facilitators

Altogether 39 students of B.Sc. (Honours & General) of Karimpur Pannadevi College registered for the course. A Telegram Channel is used to convey all the important messages to the registered participants.

The training program was facilitated by Dr. Joydeb Bhattacharyya, Assistant Professor, Department of Mathematics, Sri Bipul Sarkar, Assistant Professor, Department of Botany, and Iftikar Rahaman, Assistant Professor, Department of Zoology, Karimpur Pannadevi College.

Sri Kaustav Bhattacharyya, Teacher-in-charge of Karimpur Pannadevi College and Dr. Prasenjit Saha, IQAC Coordinator of Karimpur Pannadevi College keenly observed the whole course and gave feedback and inputs to make the course more effective.

Session proceedings

DAY ONE (28.09.2020)

The part of the report summarizes the opening of the course, session proceedings covering learning points, contents, process and outputs of each session.

Day 1 - Session 1

10:00-11:00

Facilitator: Iftikar Rahaman

Module: Population Growth and Growth Models- I

This discussions in this session was based on-

- Characteristics of Population
- Population Growth and Density

Outputs

- (i) Discussion on Natality, Mortality, Survivorship, Survivorship Curves
- (ii) Measurements of Population Density.

Day 1 - Session 2

16:00-17:00

Facilitator: Sri Bipul Sarkar

Module: Ecosystem Dynamics-I

This session of the first day covered the following topics:

- What is Ecosystem?
- Level of organization of ecosystem
- Ecosystem components
- Ecosystem productivity
- Food chains and food webs

Outputs

- (i) Knowledge gathered about ecosystem and their components, level of organization etc.
- (ii) Details of food chain and food web are discussed.

Attendance

Day 1 - Session 3

17:00-18:00

Facilitator: Dr Joydeb Bhattacharyya

Module: Quantification of Growth-I

The discussions in this session are based on:

- Definitions of Population Ecology, Community Ecology, Habitat Ecology, Genecology, Systems Ecology with appropriate examples.
- Hierarchy in Population Ecology
- Growth of an organism-per-capita growth
- Growth of a population
- Relative Growth Rate (RGR)
- Absolute Growth Rate (AGR)

Outputs

- (i) Expressions for per-capita growth and growth of a population are discussed.
- (ii) Expressions of RGR and AGR for discrete and continuous time scale are obtained.

DAY TWO (29.09.2020) Day 2 - Session 1

09:00-10:00

Facilitator: Dr Joydeb Bhattacharyya

Module: Quantification of Growth-II

Before entering the day's topic, a quick review of the previous day's discussion was carried out. The first session of the second day covered the following topics:

- Recapitulation of RGR and AGR
- Continuous Exponential growth rate
- Discrete Exponential growth rate
- Difference between discrete and continuous models with examples
- Problem solving on finding RGR, AGR for discrete and continuous models.
- Quiz session

Outputs

- (i) Finding RGR and AGR for exponential growth model (discrete and continuous)
- (ii) Quiz

Facilitator: Iftikar Rahaman

Module: Population Growth and Growth Models- II

Before starting the session, a quick review of the previous day's discussion was carried out. This session of the second day covered the following topics:

- Population Growth Models
- Population Growth Curves

Outputs

- (i) Exponential Growth Model and Logistic Growth Model of Population.
- (ii) Growth rate and Comparison.

Day 2 - Session3

16:00-17:00

Facilitator: Sri Bipul Sarkar

Module: Ecosystem Dynamics-II

A quick review of the previous day's discussion was carried out. This session of the second day covered the following topics:

- Ecological pyramid
- Energy transfer efficiencies
- Nutrient cycles
- Ecosystem services
- Types of ecosyste

Outputs

- (i) Thoroughly discussed about different types of ecological pyramids, energy transfer efficiencies and nutrient cycles.
- (ii) Found some important ecosystem services which we always overlooked and also discussed about different types of ecosystems
- (iii) Quiz

Attendance

DAY THREE (30.09.2020) Day 3 - Session 1

10:00-11:00

Facilitator: Iftikar Rahaman

Module: Competition and its Evolution- I

This module was focussed on:

- Lotka-Volterra Model of Competition
- Quiz

Outputs

- (i) Establishing Lotka Volterra Equation of Competition
- (ii) Establishing Zero- Growth Isocline Equations
- (iii) Preparation of Zero- Growth Isocline Curves and Finding Status of Competition.
- (iv) Analyzing Stable and Unstable Equilibrium.
- (v) Quiz on Module I

Day 3 - Session 2

16:00-17:00

Facilitator: Sri Bipul Sarkar

Module: Species Interaction-I

- Ecological interdependence and interactions
- Positive interactions
 - Mutualism
 - Commensalism

Outputs

- (i) Discussed about ecological interdependence and interactions among species.
- (ii) Detailed discussions are made on positive interactions: mutualism and commensalism

Day 3 - Session 3

17:00-18:00

Facilitator: Dr Joydeb Bhattacharyya

Module: Knowledge of growth curve models-I

A quick review of the previous day's discussion was carried out. The discussions in this session are based on:

- Graphical representation of RGR and AGR in exponential growth
- Population density at any time in exponential growth
- Drawbacks of exponential growth model
- Logistic growth equation
- Population density at any time in logistic growth
- RGR for exponential and logistic growth

Outputs

- (i) Finding population density of exponential and logistic growth equations at any instant.
- (ii) Explained by means of some scientific data that human population growth is not exponential
- (iii) Identifying population growth equation from RGR curve obtained from field observations.

DAY FOUR (01.10.2020) Day 4 - Session 1

09:00-10:00

Facilitator: Dr Joydeb Bhattacharyya

Module: Knowledge of growth curve models-II

A quick review of the previous day's discussion was carried out. The first session of the fourth day covered the following topics:

- Point of inflexion and its significance in population growth models
- Point of inflexion in logistic growth curve
- Maximal growth rate in logistic equation
- Human population growth in the world since 1800AD and its AGR and RGR
- Population growth in India and China since 1970 and RGR
- Projecting future populations
- Stages of human population growth (pre & postindustrial and transitional)

Outputs

- (i) Finding points of inflexion of logistic equation
- (ii) Finding the population density in logistic growth at which the growth rate is maximum
- (iii) Finding RGR in human population growth from real field data
- (iv) Quiz

Facilitator: Iftikar Rahaman

Module: Competition and its Evolution- II

Before Starting the session, a quick review of the previous day's discussion was carried out. This session of the fourth day covered the following topics:

- r-Selection Strategy and k- Selection Strategy
- Grime's Theory
- Character displacement

Outputs

- (i) Explanation of r- Selection and k- Selection Strategies in different ambience.
- (ii) Explaining Grime's Theory for Plant Strategists.
- (iii) Character displacement in the light of Competition.

A quick review of the previous day's discussion was carried out. This session of the fourth day covered the following topics:

- Negative interactions
 - Parasitism
 - Amensalism
 - Competition

Outputs

- (i) Detailed discussions are made on negative interactions: predation, amensalism and competition
- (ii) Quiz

Attendance

DAY FIVE (03.10.2020) Day 5 - Session 1

10:00-11:00

Facilitator: Iftikar Rahaman Module: Community Ecology- I

This session of the fifth day covered the following topics:

- Community Characteristics
- Community Indices
- Quiz

Outputs

- (i) Explaining Community Characters like, Species Richness, Species Evenness.
- (ii) Understanding of Community indices, e.g.- Simpson's Index, Shannon- Weaver Index, Sorrenson's Index, Pielou Index.
- (iii) Quiz on Module II

Facilitator: Sri Bipul Sarkar

Module: Metapopulation Dynamics-I

A quick review of the previous day's discussion was carried out. This session of the fifth day covered the following topics:

- Definition and composition or structure
- Habitat fragmentation and reasons
- Condition of metapopulations
- Dynamics of metapopulation: Dispersal and Colonization

Outputs

- (i) Definition and various components and conditions of metapopulation are thoroughly discussed.
- (ii) Habitat fragmentations and reasons are discussed.
- (iii) Expression of dynamics of metapopulations are discussed.

Module: Extended family of growth curve models-I

A quick review of the previous day's discussion was carried out. The first session of the sixth day covered the following topics:

- Growth acceleration and retardation in logistic growth equation
- Gompertz growth equation
- Logistic versus Gompertz growth
- Modified logistic growth with variable carrying capacity

Outputs

- (i) Finding the phases of growth acceleration and growth retardation in logistic growth
- (ii) Proving that logistic growth curve has a greater initial growth acceleration compared to that of Gompertz growth
- (iii) Modified logistic growth equations in adaptive systems

16:00-17:00

Facilitator: Sri Bipul Sarkar

Module: Metapopulation Dynamics-II

A quick review of the previous day's discussion was carried out. This session of the fourth day covered the following topics:

- Metapopulation models
 - Levins model
 - Mainland-island model
 - Source-sink model
 - Landscape model

Outputs

- (i) Expressions and features of different metapopulation dynamics models are obtained.
- (ii) Quiz

Attendance

Daily Attendance Legend:

The student was present then exited rejoined again etc. (the alternating background patterns indicate that the student may have left and rejoined the Meet)

The student missed the entire class

Day 6 - Session 4

17:00-18:00

Facilitator: Dr Joydeb Bhattacharyya

Module: Extended family of growth curve models-II

The final session of the sixth day covered the following topics:

- Allee effect in growth equations
- Weak Allee effect
- Strong Allee effect

Outputs

- (i) Difference between Weak and Strong Allee effects
- (ii) Quiz

DAY SEVEN (06.10.2020) Day 7 - Session 1

10:00-11:00

Facilitator: Iftikar Rahaman

Module: Community Dynamics - I

This session of the seventh day covered the following topics:

- Stability in a Community
- Equilibrium Points
- Quiz

Outputs

- (i) Understanding of Local and Global Stability.
- (ii) Explaining Equilibrium Points in a Community.
- (iii) Quiz on Community Ecology Module

Day 7 - Session 2

16:00-17:00

Facilitator: Sri Bipul Sarkar

Module: Biodiversity Parameters-I

A quick review of the previous day's discussion was carried out. This session of the seventh day covered the following topics:

- Definition of biodiversity
- Levels of biodiversity
- · Components and gradients of biodiversity
- Biodiversity of India
- Uses of biodiversity

Outputs

- (i) Various knowledges are gained about biodiversity, its levels and components.
- (ii) Detailed informations are gathered about biodiversity of India and know about uses of biodiversity.

Day 7 - Session 3

17:00-18:00

Facilitator: Dr Joydeb Bhattacharyya

Module: Model selection diagnostics-I

A quick review of the previous day's discussion was carried out. The discussions of this session are based on:

- Two-species population growth models
- Food Pyramid, Niche, Habitat
- Relations between Habitat and Niche with examples
- Competitive exclusion principle

Outputs

- (i) Learning how habitat and niche are interrelated
- (ii) Explained what would happen if organisms evolve into the same niche and the same habitat

DAY EIGHT (07.10.2020) Day 8 - Session 1

09:00-10:00

Facilitator: Dr Joydeb Bhattacharyya

Module: Model selection diagnostics-II

A quick review of the previous day's discussion was carried out. The first session of the eighth day covered the following topics:

- Two-species interactions (mutualism, competition, predation, parasitism, commensalism, amensalism)
- Generic prey-predator model
- Lotka-Volterra competition model

Outputs

- (i) Explained with examples the different types of species interactions
- (ii) Students learned to distinguish between a prey-predator model and a competition model
- (iii) Quiz

Facilitator: Iftikar Rahaman

Module: Community Dynamics - II

Before starting the session, a quick review of the previous day's discussion was carried out. This session of the eight day covered the following topics:

- Non-equilibrial regulations of Community maintenance.
- Dynamic Equilibrium Theory

Outputs

- (i) Explaining Top-down and Bottom-up regulations.
- (ii) Understanding of Dynamic Equilibrium Theory of Island Biogeography.

- Threats to biodiversity
- Extinction of species
- IUCN Red List categories and their criteria

Outputs

- (i) Some very important topics are discussed i.e. ever-increasing threats to biodiversity and rate and reasons for extinction of species.
- (ii) Thoroughly discussed about IUCN Red list categories of species and their criteria
- (iii) Quiz

Facilitator: Iftikar Rahaman

Module: Ecological Niche - I

This session of the penultimate day covered the following topics:

- Niche Concept
- Huthinson's n-dimensional Niche Axes
- Quiz

Outputs

- (i) Detailed understanding of Niche definition.
- (ii) Explaining Fundamental Niche and Realized Niche.
- (iii) Understanding n-dimensional Niche Axes.
- (iv) Quiz on Community Dynamics.

Day 9 - Session 2

16:00-17:00

Facilitator: Sri Bipul Sarkar

Module: Biodiversity Regulations-I

A quick review of the previous day's discussion was carried out. This session of the penultimate day covered the following topics:

- Conservation of biodiversity
- *In-situ* conservation
 - Protected areas, National parks, Biosphere reserves, Sanctuaries etc.
- Ex-situ conservation
 - Botanical garden, Zoological garden, Gene bank, Seed bank
- Biodiversity hotspots

Outputs

- (i) Detailed discussions are made on biodiversity conservation and their types
- (ii) Students learned about *in-situ*, *ex-situ* conservation, biodiversity hotspots and knowledges about them are obtained.

Attendance

Day 9 - Session 3

17:00-18:00

Facilitator: Dr Joydeb Bhattacharyya

Module: Mathematical models-I

A quick review of the previous day's discussion was carried out. The discussions of this session are based on:

- Predator functional response
- Holling Disk equation
- Holling-I vs Holling-II functional responses with examples
- Hill function and its applicability
- Holling-III functional response with examples

Outputs

- (i) Derivation of Holling-II functional response by considering searching time and handling time of the predators while predating the preys
- (ii) Derivation of Hill function
- (iii) Holling-III functional response as a special case of Hill function

DAY TEN (09.10.2020) Day 10 - Session 1

09:00-10:00

Facilitator: Dr Joydeb Bhattacharyya Module: Mathematical models-II

A quick review of the previous day's discussion was carried out. The first session of the final day covered the following topics:

- Lotka-Volterra model
- Finding equilibrium points (steady state solutions)
- Eigenvalue analysis and using Routh-Hurwitz's sufficient condition for stability

Outputs

- (i) Students learned how to analyze Lotka-Volterra mathematical model by finding the steady state solutions.
- (ii) Students learned to perform stability analysis of a model by eigenvalue analysis
- (iii) Quiz

Attendance

Day 10- Session 2

10:00-11:00

Facilitator: Iftikar Rahaman

Module: Ecological Niche - II

Before starting the session, a quick review of the previous day's discussion was carried out. This session of the tenth day covered the following topics:

- Competitive Exclusion Theory
- Niche Differentiation
- Quiz

Outputs

- (i) Understanding of Competitive Exclusion.
- (ii) Explaining Niche differentiation.
- (iii) Quiz on Ecological Niche Module.

Day 10 - Session 3

16:00-17:00

Facilitator: Sri Bipul Sarkar

Module: Biodiversity Regulations-II

A quick review of the previous day's discussion was carried out. This session of the final day covered the following topics:

- Biodiversity conservations
- International strategies
- National strategies
- Biogeographic classifications of India

Outputs

- (i) Some important and necessary national and international strategies for biodiversity conservation of ecosystem were discussed and information of these strategies are gathered among students.
- (ii) Also discussed about Biogeographic classifications of India
- (iii) Quiz

Valedictory Session

In Dr. Joydeb Bhattacharyya started addressing the session followed by Iftikar Rahaman and Sri Bipul Sarkar. The facilitators expressed their opinion that the online certificate course was important for developing knowledge-based education skills. Dr. Joydeb Bhattacharyya expressed optimism to introduce more inter-disciplinary certificate courses in collaboration with the other departments of the college.

Sri Bipul Sarkar and Iftikar Rahaman thanked all the participants for their active participation and requested the participants to apply knowledge and skills gained from the training in real field problems.

The participants were asked to give online feedback.

What aspects of this course were most useful or valuable?

- Growth curve model
- Before this course I have some knowledge about ecology but now, after taking this course
 I come to know many things about these courses.
- This is most valuable for me. The content of the class is clear and beautifully organized. Biology and ecosystem are quite interesting.
- Overall course is very useful, from this course we get so much knowledge
- Relation between mathematical model and biology
- There are many guidelines which is very useful and valuable in our biological and mathematical combination course.
- Mathematical part of this course is really good. For which I can learn how can we grow an equation relating many subjects. And also, biological department taught us how every species is interconnected each other for balancing ecosystem, So for this we need to take care of our nature for sustainable future. Last of all, I am thankful to every teacher for this online course ①.
- Honestly, I loved the quiz part cause it was really fun (3) and most importantly I couldn't answer them correctly and obviously I love all the information and it's help me to think farther about the mathematical sequence that followed by almost every species....
- Mathematics expressions
- We gathered much knowledge. So, thanks all the sir.
- আমার পপুলেশন সম্পর্কে খুবই কম বিষয়় জালা ছিল এই course টা করার পর আরও অনেক কিছু
 জানতে পারলাম। অঙ্কের সাথে বায়োলজির যে সম্পর্ক আছে সেটা আমার জালা ছিল লা যা জানলাম
 এই course টা করার পর।
- Overall course is valuable, from this we gained our knowledge
- Before this course I have some knowledge about ecology but now, after talking the courses I come to know everything is about this course.

How would you improve this course?

- It can never be better
- Sound quality sometime going poor. Overall, the course is excellent. Next time we want more this type of knowledgeable course.
- With adding more diagram...and provide student some pdf note
- All good
- In my opinion, population dynamics is an excellent course. There are most valuation of this course in our environmental life and educational life. So, I like the course.
- I think it was good, but if every student presents a small presentation about a particular topic of entire course which he/she learnt better. Then students also feel how to present a presentation, and for this interaction between teachers and students becomes improve \bigcirc
- I have no complaints about the course it was almost perfect in every aspect.
- To knew known.
- প্রতি ক্লাসের শেষে যে quiz নেওয়া হতো তাতে প্রশ্লের সংখ্যা বেশি খাকলে খুব তালো হতো। In future
 যদি বিভিন্ন
- Everything is okay.

Students Feedback analysis:

The feedback data (via google form) is analyzed and their suggestions are considered and placed before an online meeting for possible incorporation in the curriculum. The online feedback analysis revealed that more than 95% of the participants are very much satisfied with this course outcome, flexibility on curriculum, quality of teaching-learning process offered in this certificate course.

The feedbacks were collected and collated by the facilitators of the certificate course and important suggestions/ideas given by the students for enhancing the curriculum were shortlisted.

The most common points raised by the students were:

- Sound quality issues during some of the google meet sessions.
- Incorporation of more diagrammatic representation during classes.
- Providing lecture notes after the classes.
- Adding students' presentation session related to the topic.
- Adding more quiz sessions.

Action Taken on Feedback:

After collecting and assessing the feedback from the students on curriculum aspects, the valuable suggestions were deliberated in an online meeting on 10th Oct 2020. It has been decided in the meeting that all these points raised by the students will be taken care of in the forthcoming certificate courses.

Sl. No.	Feedback	Action Taken				
1	Sound quality issues during some of the google meet sessions.	The host will use a broadband connection with bandwidth > 50 Mbps to minimize the audio and video quality issues.				
2	Incorporation of more diagrammatic representation during classes.	An online platform 'Renderforest' (or an equivalent) will be used to create high-quality explainer videos.				
3	Providing lecture notes after the classes.	Lecture notes and transcripts of each session will be shared with the participants immediately after a session.				
4	Adding students' presentation session related to the topic.	A students' presentation session to be incorporated in the routine.				
5	Adding more quiz sessions.	Daily interactive quiz sessions to be included.
