**Members Present:**

The meeting held virtually that is why the recording of the meeting will be considered as the signature of the members.

1. 5<sup>th</sup> Semester Students (English Honours)
2. Kisor Baulia, Assistant Professor, Department of English.

**Resolution:**

After a friendly discussion of almost 75 minutes few points look common to all.

1. Students are exhausted mentally being confined within the home for more than 15 months and they desperately want to back in the classroom.
2. Experiences of Online classes are very frustrating for them as Mobile Network issue remains constant. They can't listen the audio properly. Specifically, the students who live in the areas like Pipulbaria, Shikarpur, Rahamatpur they faced the worst scenario because with the power cut mobile network also goes off.
3. Most of the parents are not convinced with this Online mode of teaching and they are reluctant to pay extra for Data Recharge.
4. Female students face different problem as their parents think expenses for education in this tough time is valueless and they should get married once the course over.
5. There are some exceptions also. Those who come from stable financial background and have access to Computer & Broadband connection they are enjoying this new mode.
6. Except few, most of the students don't have any clear vision/plan after completing the graduation. They are mainly confused between M.A/B.Ed/Competitive examinations.

**Suggestion:**

Regarding Network Issue it has been assured to them along with Online Classes all the materials and audio recordings of the class will be uploaded in the Google Classroom. They can access it anytime.

A detailed discussion has done on Higher students, Competitive examinations and Job opportunities to make them motivated.

The meeting ended with a vote of thanks to the Chair.
